ABOUT MERIDIAN RAPID DEFENSE GROUP

Meridian Rapid Defense Group LLC (MRDG or MERIDIAN) is a privately-held limited liability company (LLC) in operations for over ten years. MRDG holds national and international patents on its products. MRDG manufactures, sells, rents and distributes its patented best-in-category portable vehicle mitigation barrier solution. The products and all materials are made in the USA. The MRDG technology and products provide many unique and extraordinarily effective features to prevent vehicle ramming by stopping and debilitating vehicles used in terrorism and other vehicular attacks.

The keystone element of the anti-terrorism solution is the Archer 1200 barrier and accompanying products as described in more detail below. MERIDIANS's current customers include local, state and federal agencies, military installations and facilities, major police departments, commercial and industrial businesses, and a broad range of entertainment, cultural, civic, educational and sporting events. MRDG's barriers are thoroughly tested, certified, and proven. Indeed, the Archer 1200 Barrier is the only portable barrier solution to hold certifications in both the U.S. and Europe with both the U.S. Department of Defense and European PAS 68 crash test standards for deployment of unanchored barriers on hard surfaces.

The Meridian Archer 1200 is the center point barrier of the anti-terrorism vehicle mitigation and prevention solution to vehicle-ramming attacks and all other improper vehicle intrusion situations. The Archer 1200 Barrier is easily and rapidly deployed through the use of the Archer Field Tow Bar and/or Archer Hauler. The Archer 1200 barriers may be configured in varying numbers and patterns and connected with Arrestor Cables.

The absolutely best-in-industry exemplary features of the Meridian products and technology for crowd safety include:

- rapid deployment of portable barriers with unmatched stopping capabilities for all vehicles;
- delivery and flexible positioning requiring no heavy equipment/cranes and by one person with no team needed;
- modular design so that one or more barriers can be placed, and then easily moved into different configurations in response to changing needs and conditions while denying terrorists the advantages of pre-attack tactical planning;
- the Archer 1200 is 100% reusable with a lifetime guarantee. The barriers can be reused immediately after any impact;
- unlike fixed bollards, the Archer 1200 barriers are non-lethal to the driver and minimize shrapnel spray. The barriers thus preserve the opportunity for authorities to capture the instigator and protect evidence, as well as protect a driver in an accidental scenario;

--the configuration of the barriers enable ease of authorized pedestrian traffic and appropriate vehicles access. One person can deploy the barriers to block a street, roadway or pathway from vehicle access but permit unobstructed pedestrian access. One person can then separate the barriers as needed to provide access by an authorized vehicle and then immediately return the barriers to the appropriate positions to again block all unauthorized vehicles but allow pedestrians to walk though unobstructed.

--the MRDG barriers avoid the problems of fixed concrete bollards and the inefficient, dangerous, vulnerable and uninsured use of police and other vehicles as blockades;

--the MRDG solution does not require electricity to operate, or heavy equipment or hydraulics.

Archer 1200 United States Letters Patent No. 8,215,866.

AMHA003	Archer Manual Hauler	The newest and most advanced MERIDIAN® Hauler has all the hallmarks of MERIDIAN's products' maintenance free and one-person ease of use. The Hauler is a rugged barrier dolly that can traverse a variety of surfaces from asphalt to gravel to unimproved dirt roads. The Hauler features a 3,000 lb. rated jack and high strength steel tube construction. The new upgraded leverage action is simple in that it only requires the placement of the extension rod into the barrier receiver and locking the pin in place. Once the leverage Hauler is secured, then a simple swing-action moves the barrier into position. Safety is the key so when lifting the barrier the leverage action is fast up and slow down with the all-purpose brake being deployed.	EA	\$1,700.76	USA
ADDT008	Archer 8-Barrier Drop Deck Trailer	MERIDIAN® manufactures and provides specially-designed trailers that carry everything needed for 4, 6, and 8 Archer® Barrier deployment. The newest and most advanced trailer is Drop Deck trailer. This trailer is 75 inches wide and readily carries 8 barriers without any tie downs to hold the barriers in place. Instead the simplicity of e-track shoring bars keeps the barriers locked in when the barriers are being transported . The advantages and advances of this dual axle and four wheel trailer are: (1) it can be operated for one person deployments with a 24 inch swing tailgate; (2) the trailer is both Hydraulic and Air based with solar charging capabilities; (3) upon release of the safety catch the trailer can be lowered and raised with the pressing of the remote control; and (4) he trailer has a heavy duty diamond deck which allows for superior durability. All metal components are powder coated for the toughest of environments with two 10 inch storage compartments.	EA	\$19,440.81	USA
ATRKIT009	Archer 8-Barrier Trailer Kit	MERIDIAN® provides the 8 Barrier Drop Deck Trailer that carries everything needed for deployments of up to 8 barriers. The newest upgraded Drop Deck trailer carries all necessary equipment including the Archer® Manual Hauler, Field Tow Bar and Arrestor Cables. The Kit includes 8 Archer® 1200 Barriers; 2 Archer® Field Tow Bars; 1 Archer® Manual Hauler; 7 4-foot cables; and 1 ten-foot cable.	EA	\$76,177.33	USA
